Highlights

Meticulously developed for best-in-class aero road performance, this razor-sharp road racer was born to sprint, chase or make your attack. The frame is handcrafted using advanced-grade composite material to produce a bike that's lightweight and stiff with a responsive ride quality. The components are as integrated as they can possibly be.

Description

This composite road machine offers a true advantage for sprinting and solo riding. With its aero-engineered frameset, integrated wheelsystem and disc-brake technology, you have a new level of efficiency and road handling to help you aim for the podium.

Features

Fork: Advanced-Grade Composite, Full-Composite Overdrive 2 Steerer, 12x100mm, Disc
Frame: Advanced-Grade Composite, 12x142mm Thru-Axle, Disc
Wheels: Shimano Ultegra, 11-Speed
Groupset: Giant Slr 1 Carbon Disc [F42mm](#) (19mm Inner), [R65mm](#) (22mm Inner)
